

# For Adoption: Homeless Orphan; Attention Needed!

(An Editorial)

El Don does not wish to appear ungrateful to the county grand jury committee and other groups which have publicly described the housing situation at jaysee as "inadequate." But the mere repetition of these now trite phrases is slight consolation to students who must endure the same classroom "inadequacies" committee after committee, with no apparent relief in sight.

Every service club and similar city-wide group has its projects and mottos which purport to justify their respective existences. Several of these organizations have investigated jaysee, and their reports coincide with that of

the grand jury—the junior college problem deserves **IMMEDIATE ATTENTION.**

However, should a review be taken now, the actual accomplishments of these many investigations, recommendations, reports, and surveys would be nearly worthless.

Students on the jaysee campus have become justifiably skeptical today of the worthy intentions of these many groups. The problem has been too readily cast aside. Is there not one Santa Ana civic-minded body which will accept the students' challenge to obtain tangible results in the solution of this college problem?—D. M.

### Pearson To Head Orpheo Troupe

Starting another season of advertising the annual Fiesta, plans were being completed today for the 1940 Orpheo troupe, according to Stanley Pearson, newly appointed troupe head.

The troupe consists of college dramatic and musical talent which perform in assemblies for numerous high schools of the county.

Pearson said that the group this year will be composed of the Women's octet, the Men's octet, and a musical solo, consisting of either a cellist, a violinist, a pianist, or a vocalist. The high schools each choose which of these types of solo they prefer for their performance.

A dramatic presentation will also be included in the troupe, Pearson stated. Thornton Wilder's one-act play "Happy Journey" will be given. The cast includes Harold Witt, Bill Kamrath, Dick Kessler, Barbara Krueger, and Maxine Walker. The play has achieved fame through the fact that no stage sets are used.

### Engelman Will Act As Editor Of Post

Editorial staff for this semester's Tavern Post was announced today by newly elected President Margaret Schmitz of the Tavern Tattlers. Tom Engelman will head as editor. Dorothy Parker, Jimmy Yamada, and Mary Bryant are the associate editors with Beth Kellams, art editor, and Warren Kiser, business manager.

This semester's officers for the Tavern Tattlers, from which the Post staff is chosen, include Beth Kellams, vice-president, and Warren Kiser, secretary-treasurer, besides the president.

No photographs will be used in the Post. In their place will be art sketches supervised by the art editor. Deadline for all submitted writing has been set for March 1. The Tavern Post will be published by April 1, Engelman said.

During a meeting Wednesday the new staff discussed the general outline of the book. Poetry, essays, sketches, short stories, and plays are all acceptable.

### Dr. Thorpe Presents Extra Lecture Tues.

Dr. Louis P. Thorpe, assistant professor of education at USC, will present an additional lecture here in his series of five, it was reported today by Mrs. Golden Weston, adult education director.

Dr. Thorpe, one of the outstanding psychologists of the country, has chosen for his topic, "Escape Mechanisms," to be presented next Tuesday, Feb. 20.

The lecture will be held at 7:30 p.m. in the Willard Junior high school auditorium. Mrs. Weston announced that all junior college students are cordially invited to attend the lectures.

### Longer Noon Hour Possibility Seen

Possibility of a longer noon period on Wednesdays, was disclosed today after having been discussed during the meeting of the student executive board earlier this week.

This new arrangement would allow a longer time for the noon dances as the classes would then let out at 11:40 and take up at 12:40, broadcaster Jack Clark said.

Continuance of the noon broadcasts and noon dances this semester was assured today by Clark. Although the El Diario will continue to be printed, the loud speaker system will endeavor to give the latest bulletins as well as reviewing the El Diario.

### Assembly Features Wham Orchestra

Feature attraction at a variety assembly to be held next Tuesday at 11:00 a.m. in Willard auditorium will be Harry Wham's orchestra which will play for the Bachelor's Ball, Jack Clark, commissioner of assemblies, announced today.

The assembly is to be composed mostly of student talent, will preview Wham's orchestra so that all may know what the service club's dance will be like.

### Profit of \$200 Made By YWCA Textbook Sale

The YWCA bookstore made over \$200 in selling second-hand books this semester, Carolyn Borchard said today.

Having been open for several weeks in the basement of College hall, the store bought and sold second-hand textbooks for every course except those that began this semester. According to Miss Borchard, this total is considered very good for the mid-semester.

### 28 States and Canada Send Students Here

Twenty-eight states and Canada are represented in the jaysee's out-of-state enrollment of 121, it was announced today by Miss Mabel G. Whiting, registrar. Idaho again leads the list of states with 17 students, followed by Washington with 13 and Colorado with 12.

Of the towns represented Idaho Falls again heads the list with 10 students, while Walla Walla, Washington is next with five students, Miss Whiting said.

### Feb. 21 Marks Last Day Of Class Withdrawals

Last day for students withdrawing from classes without receiving standing is next Wednesday, Feb. 21. A fee of \$1 is charged now for all program changes.

After that date students wishing to withdraw from classes will receive the same grade they are earning at the time of withdrawal.

### Petitions Out For Class Officers

Today the campus is flooded with petitions for class officers for the current semester. Those petitions which have been filed to date for freshmen officers are: president, Jack Sullivan, Gordon Wilde, and Art Hobson; vice-president, Betty Halloran and Derrel Wollert; secretary, Grace Cock and Elinor Doyle; treasurer, Maurice Young and Betty Holmes.

Sophomore petitions already filed are: president, Tom Sullivan and Don Schmock; vice-president, Joanna Overmann and Clyde Casey; secretary, Rhoda Timmons and Margaret Schmitz; treasurer, Ruth Lockett and Madolyn McDonald.

Friday, Feb. 23, is the date set for primary balloting by the election committee.

### Two More Soloists At Local Airport

College Aviators Jesse Wolfe, and Jim Wendorf have completed their initial solo flights at Martin's airport to join a group of 10 students who have experienced their first air work alone, the flying field reported today.

Avaitrixes Anita Potter and Florence Longsdorff, only feminine enrollees for the flight course, have received six and a half, and five hours of dual air instruction respectively, and are expected to "solo" within several lessons.

Previously completed solo flight after eight hours of instruction were undertaken by Vic Alleman, H. Q. Bolton, Roy Corry, George Griffith, Tom Engelman, Myers McCrory, Joe Thompson, E.R. Julian, Robert Harman, and Laurence Dresser.

Ground instruction under H.O. Russell this week entered a study of aeronautical instruments. Principles as well as actual use of the flight instruments will be stressed in ground classes, Instructor Russell stated.

### Speech Conference Holds Panel Here

Forensic delegates from six Southern California Junior colleges met with Santa Ana representatives last night in the Santa Ana high school Little Theater to discuss publicly the topic "Should the Initiative in California Have More Restrictions Placed Upon It, or Should It Be Abolished Altogether?"

Chaffey, Citrus, Fullerton, Pomona, Riverside, and San Bernardino, all members of the Eastern Debate conference, entered the discussion. Bill Reid, local elocutionist, acted as presiding officer, while Ernest Crozier Phillips, head of the college drama department, was in charge of arrangements for the conclave.

Steve Fountain sang several vocal solos at a 6 o'clock dinner for the group at Daniger's. He was accompanied by Mrs. James Hughes.

### Similar Coalitions Receive Approval

Urging action on the part of county high school districts toward further consideration of the Union Junior college proposal for Southern Orange county, state education officials today outlined necessary steps in forming the proposed union.

Reporting that the problem of high school areas uniting with a previously formed junior college district is not a new one to Sacramento officials, education authorities indicated that successful arrangements have been completed at Santa Rosa Union junior college and other plants for unions similar to the proposed junction with Santa Ana jaysee.

#### OUTLINE STEPS

As outlined by the state, three steps must be followed before actual coalition of the high school areas and the junior college is completed:

(1) A petition requesting annexation to the junior college must be signed by the majority of heads of families in each district and presented to the county superintendent of schools.

(2) The approval of each district's board of education to form the union must be tendered the superintendent.

(3) The superintendent must transfer the petitions and school board decisions to the county supervisors who will make final decisions of the project. The annexation would then be complete.

#### WOULD APPOINT BOARD

Steps following formation of the union would be taken by a union board of five members, who, in the case of Orange county, would be appointed by Ray Adkinson, county superintendent of schools, from a group of nine delegates chosen earlier this month to represent each county high school interested in the project, the state reported.

### Set Feb. 26 As Date Of Council Meeting

Tentative date for the first inter-club council meeting of the new semester has been set for Monday, Feb. 26, Lorraine Sweet, president of the Spinsters, announced today.

Presidents of the service clubs will represent their organization at the first meeting. There after a representative will be chosen by the club president.

It will be attempted to have an inter-club council meeting the day of service club meets, it was said.

Officers for the group will be chosen at this meeting. Bob Heath, Associated Student president, acted as council president last semester.

### Dick Wright Named To Edit Features

Completing El Don's editorial staff is the appointment this morning of Dick Wright to serve as feature and exchange editor for the second semester. Wright's selection was announced by John H. McCoy, head of the department of journalism.

The new feature editor is the son of J.A. Wright, of Encinitas, and is a graduate of Santa Ana high school.

TOM ENGELMAN, past Associated Student leader whose appointment was released today as editor of the second semester edition of Tavern Post, college literary publication. Engelman took over his post with the announcement that March 1 is the deadline for contributions to the periodical.

### ORPHEO LEADER

STANLEY PEARSON, selected today as leader of the college Orpheo troupe by Bob Heath, Associated Student president. Pearson will have charge of the entertainment group which each spring visits high schools and other organizations throughout the county as Fiesta day goodwill emissaries.

### Petitions Available To Club Enrollees

Initiating a new method of leading, in conjunction with service club rushing which began this week, Jimmie Yamada, secretary of Los Gauchos, today announced that applications for membership in the club may be secured in the main office Monday. Students who wish to be considered for membership in Los Gauchos are to fill out these application blanks and return them to Dean of Men Calvin C. Flint's box, he said.

Commenting on this innovation, Yamada declared: "Every semester there are many prospective members who are overlooked because none of the club members are familiar with them. The application blanks will give any student who wishes to be considered for membership a chance to make known his desire."

"At present we are the only club who will use this method," Yamada said, "but I hope that soon other service clubs will follow us, for in that way much of the criticism of cliques in service clubs may be allayed."

### City Council Action Adds To Problem

Where to park a car near the campus became a paramount question here this week.

In an effort to prevent the possibility of serious accidents or injuries, city council took action last week in ordering the posting of no parking signs about the campus on Main and Tenth streets.

## Set Spinster Tea For Next Friday

An extensive advertising campaign for the forthcoming productions of "Our Town" and "Young April," has been undertaken by Delta Psi Omega, President Bob English announced today. The organization, pledged to the furtherance of drama, is sponsoring both "Our Town," which is to be presented April 12 and the fiesta play, "Young April," to be staged May 17. The campaign was discussed at a recent meeting held in the Woman's lounge.

As a form of entertainment and as a means of ascertaining the amount of talent in Delta Psi Omega the organization recently staged an amateur program under the direction of Betty Frye, club booking agent. Promising acts on the program were slated for booking at various lodges, clubs, and other organizations in the vicinity.

New by-laws for the organization have recently been adopted. Wayne Tarvin was instrumental in drawing the draft of the by-laws.

# Getting Around

With GLENN TOWNER

It is the close of the basketball season. Santa Ana Junior college has won its first Eastern Conference basketball championship. All other troubles seem little and insignificant as the campus jubilantly celebrates.

That seems like a pretty optimistic outlook, but it is far from improbable. As the conference race draws to a close, we find Coach John Ward's boys still in there "pitching" to retain their position alongside Fullerton and Riverside at the top of the conference heap.

## HOPEFUL FUTURE

Never in the history of Santa Ana Junior college has any of its basketball teams won a title, and rarely has it ended the season in the upper bracket, but this season's edition has something that makes even the proverbial "doubter" sit up and take notice.

Two games are all that remain between the Don's and a crack at the conference championships of last year; namely, our arch-rival Fullerton, that is if Fullerton wins its remaining game with Pomona.

## APPROACH FIRST JUMP

Tonight's game with Citrus Junior college is the first of the two hurdles to be leaped, and we feel fairly safe in calling that one to our credit already. The other remaining team is Riverside, which may or may not be the Scarleteer's Waterloo.

If Coach Ward's men succeed in side-stepping Riverside, Santa Ana will battle it out in a best two-out-of-three game series with Fullerton for the belated conference crown.

## LOOKING AHEAD

Yes, it seems so near and yet so far, but don't despair. If the game with Fullerton last month can be used as a barometer to compare the Dons against it's two remaining conference foes, then the prospects look exceedingly good.

## OREGON GETS ROSS

Bill Ross, who played guard on last year's Don football squad, left for Oregon university yesterday. Good luck!

When it comes to picking the conference basketball champion ahead of time, San Bernardino will take it's chances and string along with Santa Ana.

# Dons To Meet Citrus Here Tonight

## Freshman, Sophomore Meet Opens Track Season Today

Don tracksters begin current season competition at three o'clock this afternoon on Clayton field at the Santa Ana Senior high school when the freshmen and sophomores vie for top honors in the first half of the annual inter-class meet. The second half of the meet is scheduled for next Tuesday.

Paced by an elaborate array of former high school stars the freshmen are conceded an excellent chance of upsetting the upper classmen, Coach John Ward said today.

Competing for the frosh will be Wayne Piper, Howard Elliott, Jerome Duffy, and Len Stafford of Santa Ana; Leonard Strevia of San Fernando; Ralph Mass of Anaheim; Vim Heim of Orange; James Kobayashi, Bob Ward, and Art Berry of Garden Grove; Earl Smith of Hemet; Jack Phillips, Adrian Neal, and Lyndle Gheer of Brea.

Around this formidable nucleus, Coach Ward expects to form one of the best track and field squads ever developed at jaysee. At present 53 aspirants are working out on the high school field in preparation for the opening conference meet with Long Beach here, Feb. 23, Ward said today.

## Meet At Occidental Draws Trackmen

Entrance of Don cinder men in the annual Southern California track and field carnival at Occidental college March 2 was announced today by Coach John Ward.

Members of the team will be selected next week when official entry blanks naming events open to the junior college division are received here, Coach Ward said.

The meet will officially open the track season. Taisto Maki, Finnish distance star, and Pavvo Nurmi are scheduled to appear, according to dispatches from the relay committee.

## Marksmen In Trial For Rifle Team

Fourteen students had today signified their desire to compete for positions on the jaysee rifle team, recently organized by Wesley Sloulin and Hibby Swanson, student rifle enthusiasts.

According to present plans, practice sessions will be held twice a week in the National Guard armory, 415 1/2 West Fourth street, supplemented with one hour a week instruction in rifle theory. Instruction will be given by Sloulin and Swanson, who received their experience at National Rifle Matches at Camp Perry, Ohio. Both students were members of the Minnesota contingent which competed in 1938.

At present, backers of the project are attempting to obtain rifles from private sources pending attempts to secure regulation target rifles through the National Rifle Association.

If the project attains the success expected by backers inter-collegiate matches will be scheduled with neighboring colleges, coaches said.

## TRACK HOPE

WAYNE PIPER, former Saint star, is expected by coaches to boost Santa Ana's track standing. He will compete this afternoon for the freshmen in the frosh-soph meet at Clayton field.

## Scarleteer Win Will Tie FJC

Needing a victory to remain in the conference race, Santa Ana Dons meet Citrus tonight on the local court at 8:00 p. m.

A win over their opponents will send the Dons into a first place tie with Fullerton and possibly with Riverside, if the Bengals defeat San Bernadino.

## CITRUS POWERFUL

Coach Ray Dawson's quintet, which defeated the San Bernadino Indians last week, 43-42, seems to have much more power than conference standings indicate, Coach Ward stated. Should Dawson's team pull a repeat performance the Dons will be definitely out of the race whether they defeat Riverside's Bengals next week or not.

Taking no chances of being thrown out of the race, Coach John Ward said that Don Borden and Hal Lilly would probably start as forwards, Walt Linker and Larry Monroy fill the guard spots, and Bob Schildmeyer will be in at center, when the initial whistle sounds.

## RESERVES PLAY

Don reserves will open the nights festivities with the All-stars at 6:30 p.m. Opening lineup for the Donmen includes: Hobson and Ivens, forwards; McKnight, center, and Stafford and Osterman, guards. Opposing them will be Partida, and O'Campo, forwards; Frias, center; and Reyes and Trujillo at guards for the All-stars.

## Swim Team Sinking; Needs More Men

Coach Bill Cook, who has replaced Coach Ward as swimming coach, today stated that more men are needed to form a swimming team. Unless more men report, the swimming team may be abandoned, he said.

All those who are now out for the team are practicing daily at the YMCA pool. Coach Cook has not yet set a definite date for the first meet.

Issuing a call for more men, Cook asked that those interested in trying out for the team should report at the YMCA pool daily from 3:00 p.m. to 5:00 p.m.

## Baseball Squad In First Workouts

After two weeks of practice the Don baseball squad is rapidly rounding into shape, according to student coach Duane Teel. Teel also reported that practice consists mostly of exercise and in-field practice.

## MORE RECRUITS

New players who reported for practice this week were Jim Wendorf, sophomore outfielder; John Balzar, catcher; and Gib Bristow, former catcher at Tustin High and now out for pitcher.

Practice games will be scheduled in about two weeks, Teel said.

## BASEBALL SCHEDULE

- April 6—Dons at Riverside
- April 13—DONS AT FULLERTON
- April 20—Chaffey here
- April 27—Dons at San Bernardino

## Netters To Play Twice a Week

"Starting next week the jaysee tennis team will play two matches each week," student coach Merle Grisct announced today. "This afternoon we are playing a practice match with Santa Ana high school," he said.

Two doubles teams are entered in the 5th annual Fullerton Municipal Doubles Tournament which is being played on the Fullerton high school courts on Feb. 25 and March 3. Captain Keith Michelson and Bob Helling make up the first team, while Bill Holland and George Lincoln constitute the other, officials disclosed.

On Feb. 21 the team has a six man match with Compton on the local high school courts; on Feb. 23 the squad has an eight man match with Glendale jaysee on Glendale courts. The members of the team who will participate in these matches are Captain Mickelson, Bill Holland, Lloyd Babcock, Bob Helling, George Lincoln, Bob Heath, Art Hooker, and Jim Zornes.

Tennis standing released by student coach Grisct are Lloyd Babcock, Keith Michelson, Bill Holland, Marvin Jacobs, Jack Lincoln, Robert Helling, Bob Heath, Art Hooker, Jim Zornes, and Harrison White.

## Golf Matches Will Be Arranged Soon

Jaysee golfers will receive their match schedule in the very near future, according to Coach Bill Cook.

The 26 men out for golf are being coached by Roy Renwick, professional at the Santa Ana country club. The rate of progress indicates that they should have a well rounded squad by the time their matches are arranged, Renwick said.

Golfers practice twice a week at the Santa Ana country club and many of the members of the squad play at other courses throughout the county on their own time. Practice includes instruction in all types of shots and actual playing.

## Roosevelt Heads Initial Returns In Local Vote

A national election this fall pitting President Franklin D. Roosevelt against Republican racket-buster, Thomas E. Dewey, appears today as the choice of local students following compilation of first week returns in El Don's poll to determine presidential candidates for the coming campaign.

President Roosevelt polled 66 per cent of the total Democratic vote cast, or 36 per cent of all ballots; District Attorney Dewey, 73 per cent of the Republican representation, or 33 per cent of the combined vote.

Incomplete returns today in the voting which will be continued for an additional two weeks, indicates also that the local student body is Democratic by a plurality of 23 per cent, so far as party preference is concerned.

Votes will continue to be accepted at the ballot box in College hall office today and next week. Students are requested to indicate their choice, if they have not already done so, using the form provided at the lower left-hand corner of this page, and are urged to indicate party preference on each ballot. Write-in candidates in the space provided, will be accepted in the tabulation.

## Don, Dona Election Changed To May 6

The date of the election of the Don and Dona, honorary rulers of the annual Fiesta, has been changed from April 10 to May 6, Bob Heath, Associated Student president said today.

Giving a reason for the change, Heath said that the earlier date conflicted with advertising and was too far from the Fiesta. He pointed out that the election of the Don and Dona is the climax of the advertising for the Fiesta and therefore should be as close to the annual celebration as possible.

## Students To Attend SC Journalism Conclave

Representatives of El Don will attend the annual Newspaper day program at USC on Saturday, March 9.

The program for the day includes talks in the morning by prominent journalists, a noon luncheon, followed by round table discussions in the afternoon. Awards will be given to the high school and junior college papers that have shown the most improvement during the past year.

"El Don is not entered in the contest this year, as we have entered the Columbia university contest and the annual All-American contest at the University of Minnesota in April," Editor Myron Smith said today.

Forty high school students were also guests of the international organization and the luncheon was supplemented by a program under the direction of Dr. R. I. Brockbank.

## Rohfleisch Awaits Finnish Victory

By LINDEN CRIDDLE

"I do not believe that the Russian aggression can possibly proceed farther than Finland, if it can go any further than it is now," Kramer J. Rohfleisch, social science instructor said today.

He voiced the opinion that neither the allies nor Germany would allow Russia to attack Sweden and gain control of the rich iron deposits there.

### SWEDEN IS IRON SOURCE

"Those fields are Germany's chief source of iron ore," he explained.

Commenting on the validity of news from the Russo-Finnish front, Mr. Rohfleisch warned, "the Russian forces are not as completely inefficient as news releases seem to indicate. It is far more feasible to suppose that the Finnish forces are much stronger than anticipated, but the Russians are still soldiers."

### VIEW AMAZES REDS

The jaysee instructor mentioned the report of Webb Miller, international correspondent, who recently returned from the war front with the statement that Moscow was amazed over finding that Americans thought the Russian aggression so ineffective.

## French Group Plans Variety Program

Scheduling a French club meeting next Tuesday, President Joanna Overmann has arranged a varied program of French plays and vocal solos also in French. The meeting will be held at the home of member Maureen McClintock at Fairview.

Three plays have been chosen for the event, Miss Overmann said. Casts for the plays include Helen Motley, Mary Smith, Dorothy Parker, Joanna Overman, Bob English, Dwight Wentzel, and Bob Heath. The plays, also done entirely in French, are "Le Medicin Mystifie," "Les Entrepreneurs," and "Dans Un Ascenseur." The French club is unique in that no English is allowed to be spoken during the meeting, all business being carried on in French.

Announcement of 55 jaysee students to participate in the annual National Music Educators' Congress April 2 was made today by Miss Myrtle Martin, head of the music department.

The congress will be held in the Shrine auditorium in Los Angeles and will be the first time such a conclave has been held on the Pacific coast.

Members of the jaysee a capella choir, men's glee club, and women's glee club will combine with students of junior colleges throughout the United States to form a choir of over 1000 voices. This combined choir will be conducted by Noble Cain, internationally known director and composer, in a concert as a climax to the occasion.

## Dorothy Egginton Composes New Don March

With the vision of the Don marching down the field to victory, Dorothy Egginton today revealed she wrote a new march for the jaysee band, naming it "Dons on Parade."

Miss Egginton plans to give the song to the college and Alan A. Revil, music instructor, will prepare the orchestration. The date for presentation of the number is uncertain.

The idea of writing the march was suggested when she was playing on the Yawn Patrol last December. A stranger remarked to her father that she should write a march for the band. "Dons on Parade" is the result of that remark.
